VIBES FEBRUARY 2026

Building Smart Habits for a Happy Life: Session on Time Management & Digital Addiction

An informative and engaging session on Time Management and Digital Addiction was conducted by Go Sharpener – The School Student Network: Zoop By Titan under the theme “Smart Life = Happy Life” for students of classes IV and V on 3rd February.

The session aimed to create awareness among students about the importance of managing time effectively and maintaining a healthy balance between digital usage and daily activities.

The interactive session encouraged students to adopt smart lifestyle habits, prioritize responsibilities, and understand the impact of excessive screen time on their well-being. Students actively participated and gained valuable insights into building productive routines. At the end of the session, a fun and knowledge-based activity was conducted.

Sharvari (IV B), Sahithya (IV B) and Jaikethan (V C) emerged as the winners and were appreciated for their enthusiastic participation and excellent performance. The session was highly beneficial and helped students understand the importance of leading a balanced and happy life.

Pre-Board Examination –IV

The Pre-Board Examination - IV was conducted in the first week of February for classes X and XII as part of the school's academic preparation for the forthcoming board examinations. The examination assessed students' subject knowledge, familiarity with the board exam pattern, and time management skills. The results enabled teachers to identify individual strengths, weaknesses, and subject-wise performance trends. Based on this assessment, the school will conduct remedial classes, focused revision sessions, doubt-clearing sessions, and personalized academic guidance to address learning gaps. This structured approach aims to boost students' confidence and ensure they are well prepared to face the final board examinations successfully.

Our School as a CTET Examination Centre

Our school proudly served as a centre for the Central Teacher Eligibility Test (CTET) conducted on 8th February. The examination was carried out smoothly with proper arrangements and support, ensuring a comfortable and well-organized environment for all the candidates.

Pariksha Pe Charcha 2026 Live Streaming

Class VIII and IX students enthusiastically virtually attended the live streaming of Pariksha Pe Charcha 2026, held on 6th and 9th February. The Hon'ble Prime Minister of India, Shri. Narendra Modi, interacted with students and shared valuable guidance on handling examination stress, maintaining focus, and building self-confidence. During the session, he emphasized the importance of maintaining a balanced routine, adopting positive thinking, and approaching learning without fear. He encouraged students to view examinations as opportunities to learn and grow rather than as sources of pressure. The programme proved to be highly inspiring and beneficial, motivating students to face their examinations with a calm, confident, and positive mindset.

Nurturing Healthy Habits Early

An informative and engaging session was conducted on 6th February for the students of Class VI by GoSharpener, led by Mrs. Preeti from Troovy Foods. The session focused on the importance of nutritious food and aimed to create awareness about the ingredients commonly used in packaged foods and snacks. The resource person explained how balanced nutrition plays a vital role in maintaining good health, supporting growth, and improving concentration and energy levels among students.

During the session, students were introduced to the different types of nutrients required by the body, such as carbohydrates, proteins, vitamins, minerals, and fats, along with their functions and food sources. Special emphasis was given to helping students understand how to read food labels and identify unhealthy ingredients such as excessive sugar, salt, preservatives, and artificial additives often present in processed and packaged foods. The session also included a variety of interactive activities that encouraged student participation and helped them better understand the concept of healthy eating habits. A doubt-clearing session was conducted where students actively asked questions and shared their thoughts about their food choices and daily eating habits. The speakers addressed their queries in an informative and student-friendly manner.

The programme was highly informative and beneficial, helping students develop awareness about choosing healthier food options and understanding the long-term impact of their dietary habits. Students participated enthusiastically and gained valuable knowledge

Turning Goodbyes into New Beginnings - Farewell for Class X & XII Students

The school organized a memorable and meaningful Farewell Function to bid adieu to the outgoing students of classes X and XII on 9th February in the school campus. The event was conducted with great enthusiasm and warmth, celebrating the achievements, growth, and journey of the graduating students while wishing them success in their future endeavours. The programme was graced by the esteemed Chief Guest, Dr. H.S. Ganesha Bhatta, Professor and Former Principal of M.E.S Teachers College. The function was presided over by Shri. Raghunath K.S., KSPS, DIGP, KSRP and Secretary, in the distinguished presence of Shri. Santhoshakumar H.V., KSPS, Commandant 4th Battalion, KSRP and Assistant Secretary. The programme commenced with a solemn invocation followed by the traditional lighting of the lamp, symbolizing knowledge and enlightenment. The Welcome Speech set a warm and pleasant tone for the gathering. A special highlight of the event was the Jyothidaan ceremony, symbolizing the passing of knowledge and values to the younger generation. This was followed by the Oath Taking Ceremony, where students pledged to uphold the principles and values instilled in them by the institution. Students and teachers shared their memories and experiences through inspiring speeches, making the occasion nostalgic and motivating. The school honoured the outgoing students with mementos as tokens of love, appreciation, and recognition of their contributions to school life.

The Chief Guest addressed the gathering with an inspiring message, encouraging students to pursue their dreams with dedication, discipline, and integrity. The Presidential Address further motivated the students to face future challenges with confidence and determination. The programme concluded with a sincere Vote of Thanks, expressing gratitude to all dignitaries, staff members, students, and organizers for making the event a grand success. The farewell function stood as a beautiful reflection of the strong bond shared between the students and the institution, leaving everyone with cherished memories and best wishes for the bright future of the graduating batch.

PPS as CBSE Board Examination Centre

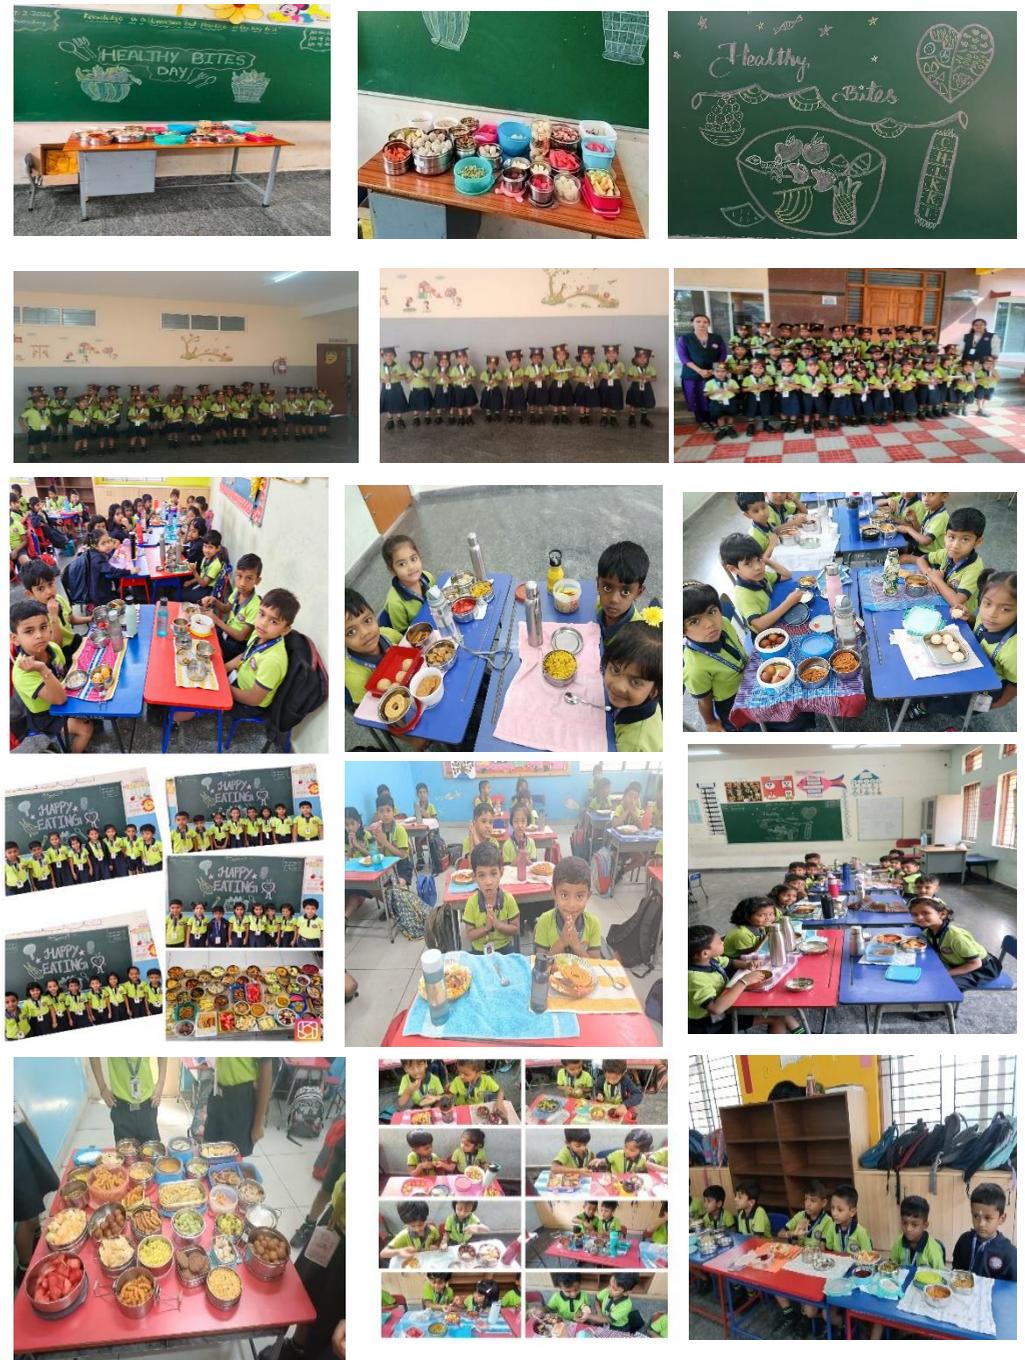

The CBSE class X and class XII Board Examinations, conducted by the Central Board of Secondary Education, started at PPS with well-organized arrangements and strict adherence to guidelines. The examinations are being conducted smoothly under the dedicated supervision of the staff, reflecting the school's commitment to excellence and discipline.

Board Exam Journey Begins - Focused, Fearless & Ready!

Our class X and Class XII students have commenced their Board Examinations at Freedom International School. The students began attending the examinations with confidence and determination, marking an important academic milestone in their school journey. We wish all our students the very best for their examinations and success in their endeavors.

Tiny Hands, Healthy Bites & Big Dreams Taking Flight!

Students of Nursery, LKG and UKG celebrated Healthy Bites Day on 26th February with great joy and enthusiasm. The children brought nutritious homemade dishes and shared them with their friends. The activity helped them understand the importance of healthy eating habits while encouraging sharing and caring. The classrooms were filled with excitement as the little ones enjoyed a variety of healthy treats together. Following the celebration, the Nursery students marked a special milestone by celebrating their Graduation Day. The young graduates received their certificates with bright smiles and confidence. The ceremony was filled with happiness, pride, and applause, making it a memorable occasion for students and teachers alike. The day was a wonderful blend of learning and celebration, reflecting the children's growth and readiness to move forward in their educational journey.

Young Minds Exploring the World of Science & Technology!

On the occasion of National Science Day, PPS organized a special educational visit to the prestigious Survey of India. The purpose of this visit was to provide students with practical exposure to modern technologies used in mapping, surveying, and geographical data collection. Students of classes V to VII participated in this informative visit on 28th February. The excursion offered them a unique opportunity to explore how scientific knowledge and technological advancements are applied in real-world situations. During the visit, students were introduced to advanced tools and techniques such as drones, satellite imaging, and digital mapping systems, which play an important role in modern surveying and geographical studies.

The experts at the organization explained how drones are used to capture aerial images and collect precise data for mapping purposes. Students also learned about the role of satellite technology in creating accurate maps and monitoring geographical changes. These demonstrations helped them understand how science and technology contribute to planning, development, disaster management, and environmental studies. The interactive sessions allowed students to ask questions and gain deeper insights into the processes involved in mapping and surveying. The visit helped bridge the gap between classroom learning and practical application, making the subject of science more engaging and meaningful.

Overall, the educational visit was both informative and inspiring. It encouraged students to develop curiosity about scientific innovations and motivated them to explore the vast possibilities within the field of science and technology. The experience left the students with valuable knowledge and memorable learning moments, making the celebration of National Science Day truly meaningful.

*That's a wrap for now!
We'll be back soon with more updates, fun features and school highlights.
Thanks for staying connected!*
